

REPORT OF FDP ON ICT TOOLS FOR TEACHING-LEARNING PROCESS

ORGANISED BY DEPARTMENT OF COMPUTER SCIENCE

ON 9TH JUNE 2020

In an initiative towards making Digital platforms more effective in teaching learning process, Department of Computer Science had organized a faculty development programme for faculty of various schools and colleges in and around Telangana in Google meet digital platform. The programme started with a welcome address by the Principal Sr. Velangini kumari. She reiterated the importance of digital platforms during this covid season. Mrs. Udaya Lakshmi from the Computer department briefed about the days program. The first session was on usage of “Zoom as a Tool in Online teaching and learning” by Miss Hepsibha. This session was continued by Mrs. P. Soumya Sree who highlighted on “Google class rooms”.

Second session started post lunch by Mrs. Mary Pushpa highlighting on “Google forms and kahoot assessment tools” followed by Mrs. Sandhya Sree on “Screen capturing with Audio recording tools for video lessons”. All the sessions highlighted on latest tools used on digital platforms to make teaching learning process much easier. There is a very good response to the programme and nearly 60 faculty participated. The programme ended with vote of thanks by Mrs. Udaya Lakshmi.
